- 10.4 Possible locations being considered are behind Council's Eketahuna Service Centre/Library building, or in the vicinity of Tararua Autos.
- 10.5 The Board support an electric vehicle charging station being available in Eketahuna, and its preferred site remains in the vicinity of Tararua Autos.
- 10.6 The disadvantages of the site behind Council's Eketahuna Service Centre/Library building are its close proximity to the recycling facility and a power pole, which would both need relocating.
- 10.7 The Board request the Manager Strategy and District Development to continue working with ChargeNet NZ to look at the viability of both site options, and to keep it informed of any intentions regarding proposals under consideration.
- 10.8 The Manager Strategy and District Development informed the Board the CCTV security cameras monitoring system has been replaced in the town centre, and options are being considered to improve the cameras night capacity.

Visitors have made some good comments about the pools . They said - for a small town the pools are great and well run . Some towns have free entry to the local swimming pools I wonder if Eketahuna could do this .

Re. : Application for Discretionary Grant – Eketahuna Community Board

Dear Charlie

I write on behalf of the Taranaki District "Age on the Go" Expo Committee, a group formed under the umbrella of The Trust Taranaki, to plan, organise and raise the necessary funding for an Expo that we hope will become a bi-annual event in the District.

The first event is planned for the 23rd April 2020 and is to be held at the Woodville Sports Centre in Ross Street. It is our aim to move this Expo around the District each time it is held in order to give the elderly of our District, equal opportunity to attend this event. We decided to host the first one in Woodville because of its proximity to Palmerston North where the majority of the exhibitors will come from and also, because we see Woodville as being in the "middle" of the District and therefore an ideal location to launch the first Expo.

A little background for your information and in support of this application.....

A sub-committee was formed of representatives of the Taranaki Health and Wellbeing Governance Group, together with representatives of the Care Homes and other organisation that work with the elderly. The aim of the group is to look into the possibility of hosting an Expo for our elderly where Government Agencies and NGO's, service providers to the elderly, and mobility experts are all brought together under one roof offering a unique opportunity for our older people to easily access everyone they need to support them with advice, advocacy and assistance.

The "Age on the Go" Expo has been run very successfully in Horowhenua, Manawatu District and Central Hawkes Bay. We have worked closely with the organisers from Horowhenua where the Council is actively involved in their event. The support we have received from them has been second-to-none and so we are not having to "reinvent the wheel", but rather emulate other events that have been so successful, around us.

Our first step was to seek the support of The Trust Taranaki as an umbrella group for funding purposes. The Trust has been more than helpful and willing to be a part of this project by assisting with our funding applications and acting as financial managers for the project in order to ensure transparency and accountability.

We set about working up a budget based on the project requirements that were identified by the Horowhenua organising committee.

Because of our location, we are having to source some hire equipment outside of the Region. There is nowhere in the Region for example, there is nowhere in the Region that we can source Exhibition equipment and so have had to engage with a Wellington based event management company for this.

We would like to run buses from Norsewood in the North and Eketahuna in the South, picking up the elderly and then returning them at the end of the day. The Expo will run from 10am – 3pm, any longer would be too hard on our elderly and we are mindful of the fact that this Expo is for them, and so we must take into consideration their age and their level of ability to cope for any length of time, away from their homes.

To this end we have had a quote from Transit in Palmerston North for buses and their quote is included with this application.

I have attached a copy of the quotes for the larger equipment and transport, all other costs have been taken from the websites of the various businesses that we will be using. I have also included a detailed budget for the event.

We believe that this project fits well within the Coalition Government's "Four Well Beings Act" and will enable our elderly to have direct access to the many agencies and services available to help make their lives easier, more enriched and informed. We have invited 58 agencies, organisations and businesses to attend and exhibit, many of these are Government Agencies and NGO's whilst the businesses are those that work with the elderly in terms of safety in the home and mobility restrictions/requirements.

We plan to run "mini-seminars" throughout the day and this part of the Expo is being organised by representatives of Mid-Central DHB. We will also have entertainment throughout the day that will appeal to this age group. We plan to involve the schools in the Southern Ward in the hope that they will allow their Kapa Haka groups to perform during the day. Country music and Line Dancing groups are being invited to entertain and we will have interactive exercise and balance sessions for the elderly led by Rebekah Charlton of Supercue.

The project supports the aims of The Trust Tararua whose organisational vision "working towards a safe Tararua Community where people thrive and care for each other", hence their support of us as a Registered Charity which enables us to apply for funding under their umbrella.

We have applied for funding from Trust House, ECCT, Dannevirke Community Board, Pahiatua-on-Track, Woodville District's Vision, and we plan to apply to Rotary and Lions.

We have received two grants already, \$1500.00 from Mid Central DHB and \$650.00 from the Waireka Community Trust which leaves us with \$8,000 to raise via funding agencies, community committees/boards, and service Clubs.

We would be most grateful for any financial support the Eketahuna Community Board could offer to this project which will benefit the entire district's elderly, and, depending on it's success in this inaugural year, would then carry on as a bi-annual event, hosted between the four main towns of the District.

Thank you for your consideration of this application, if there is any further information you require in support of this letter of application for a funding grant, please don't hesitate to phone or email me.

Your's sincerely  
Alison Franklin  
Committee Chairman
